

**RELEASE AND WAIVER OF LIABILITY
AND INDEMNIFICATION AGREEMENT**

- I am the legal parent or guardian of the Student.
- The Student will be taking classes, workshops, or other activities at Sew Fun! LLC, a California Limited Liability Company doing business as sewnow! Fashion Studio.
- I am aware that the activities at sewnow! often involve using equipment that can cause injury.
- I understand that it is my responsibility to decide if the Student is qualified to participate in the activities, and I assume all risks and accept personal responsibility for any potential damages arising from their participation.
- I will instruct the Student to carefully listen to and follow all safety and other instructions given by sewnow! staff and to inform sewnow! staff if they are in any way unsure of how to use specific equipment.
- If the Student is injured in any way at sewnow! and I am not present, I give my consent to have sewnow! staff or any medical personnel help in the way they see fit including arranging for emergency transportation to a local hospital. I'm aware that the cost of any medical transportation or assistance will be my own responsibility.
- I understand sewnow! may take group and individual photos (or videos) of Students participating in the activities for use (without identifying information such as the Student's name) on the website, in brochures, and other marketing, and I allow sewnow! to do this without any compensation.
- I agree to hold harmless sewnow! and its staff for any issues that arise from the Student participating in the activities.
- We will keep this waiver on file at sewnow! and it will apply to any future activities of the Student at sewnow!

Student Name: _____
